EDUCATION

+2 IN MANAGEMENT • 2020-2022

Everest English Boarding School, Butwal

GPA: 3.03

BACHELOR IN COMPUTER APPLICATION • 2022-Present

Crimson College Of Technology

KEY SKILLS

React
NoSQL(MongoDb)
Node.js/Express.js
Wordpress
Version Control(Git)
Teamwork
Excellent communication

LANGUAGES

English
Nepali

PROFILE

MERN Stack Developer passionate about creating scalable and reliable web apps. I'm an expert at creating dynamic, user-focused interfaces and effective full-stack systems using Express.js, React, Node.js, and MongoDB. My specialty is using the MERN stack to its fullest capacity in order to provide superior solutions that satisfy the changing demands of contemporary companies.

EXPERIENCE

Todo List App

Developed a full-stack Todo List application using the MERN stack (MongoDB, Express.js, React, Node.js).
Implemented CRUD operations (Create, Read, Update, Delete) for user tasks, including features like due dates, priorities, and completion status.
Designed and built a user-friendly and interactive React front-end with a focus on a clean and intuitive UI/UX.
Utilized Express.js to create a robust and efficient API for data management and interaction.
Leveraged MongoDB for secure and scalable data storage and retrieval.

Fitness Tracker Application with user Authentication

Developed a full-stack Fitness Tracker application using the MERN stack.
Implemented user authentication and authorization features to ensure secure data access and privacy.
Integrated with a third-party API to retrieve real-time fitness data (e.g., step count, exercise duration).
Implemented CRUD operations for user fitness data, allowing users to track and manage their health metrics.
Designed and built a responsive and user-friendly React front-end to provide an engaging user experience.
